

# Why i-SAVE LED?

What sets **i-SAVE LED** apart from other LED lighting manufacturers?

- **Credibility:** With offices in United States, Germany, Greece, Portugal, Australia, Africa, and China, **i-SAVE LED** is a world-wide manufacturer of energy saving LED lamps and has been on the cutting edge of new technology. Our family owned business ensures commitment from every **i-SAVE LED** associate. Our company began operations in 1969, manufacturing electronic components for such companies as Bosch, Emerson Electric, Toyota, Xerox, NEC, and GE. LED lighting was added to the existing manufacturing lines in 2008. We now have four factories with over 2000 associates.
- **Experience:** The **i-SAVE LED** business development team is led by a Facilities Maintenance Expert with 30 years of experience. This means we understand the issues you face every day with repair and maintenance of lighting in your facilities, and we have manufactured our lamps to meet these needs.
- **Solutions, not generic products:** Every company has specific lighting needs – which may vary from facility to facility. At **i-SAVE LED**, we don't just sell you a generic lamp in a box. Instead we provide you with a team of dedicated professionals with the knowledge to insure you are selecting the correct lamp.
- **Custom does not mean expensive:** If you need a specific lamp type or wattage, we can manufacture this without it costing a fortune. The **i-SAVE LED** engineers will work with you to make sure the lamp meets your needs.
